## FIELD TRIP TO BOTANICAL GARDEN - KG (8<sup>TH</sup> FEBRUARY, 2023)

*Field trips offer a unique opportunity for students to create connections with work done in class, which in turn helps them bring classroom lessons to life, gain understanding and develop an enjoyment of learning. Earth is called the green planet due to the presence of plants on it. In order to instil the value of growing plants and to explain to them the importance of it the children of KG were taken for a field trip to the Botanical Garden, Puducherry on 8<sup>th</sup> February, 2023. The garden offers education along with recreation. It has a diverse range of flowering plants and trees, along with their botanical information. The trees are a mix of indigenous and rare species. And the flowers add a pop of colour to the place. All these, together, add an array of aromas and beauty to the garden. The students enjoyed a lot in the park for kids with their friends. Children played to their heart's content on the slides, seesaw, swings, the jungle gym and also the 2 seater rocking swing. All our KG buds have enjoyed the trip.*

## **The National Level 21st Century Skill Championship competition – GRADE VI – VIII:**

*The universe is full of wonders. The contemporary world advances with technology and future trends are completely bound by its essence. Our children are the key to the future of infinite possibilities. Techno Central unveils the platform for the impeccable talents of students from schools across the country through multiple 21st Century skills challenges guaranteeing fun and holistic development in line with the NEP, ensuring that they leave with memories that will last a lifetime." We feel extremely happy to share that our school students from grade VI-VIII had participated and won many prizes in "Techno Central" The National Level 21st Century Skill Championship competition conducted at IIT, Chennai Research Park. Our School has been awarded and appreciated for maximum participation from a single institution.*

## Water Festival (17<sup>TH</sup> FEBRUARY):

*The Arbindo Society is organising the Water Festival every year, it's a seven week celebration and awareness program on "WATER FOR ALL, ALL FOR WATER" Which begins every year on 2nd February and ends on World Water Day 22nd March.*

*They visited our school on 17<sup>th</sup> February, 2023 with the good will of spreading the news to conserve water and highlighted Water is not an individual property but it belongs to all. Talks were given about various facts and reasons to conserve water, we even had a local farmer who shared his perspective of the water table and the need to conserve water. Children enthusiastically took oath on the conservation of water. A banner has been handed over to the school and encouraged the students to express their feelings about water on the banner either through short texts or small art which will be collected before end of the fest. Finally the NEER KUDAM was handed over to our school which will be travelling to other schools in a couple of days.*

## Maharishi's Vill Trophy Archery beginners' championship – GRADE VII AND VIII (18<sup>TH</sup> FEBRUARY, 2023):

*MVM Pondy feels glad to share that our students of grade VII and VIII had participated in Maharishi's Vill Trophy Archery beginners championship held at Maharishi Vidya Mandir Senior Secondary School, Chetpet on 18<sup>th</sup> February, 2023. It's our pleasure in sharing that our student Jeevan Prasad. D of grade VIII had secured 3rd place and won bronze medal.*

## SCIENCE EXHIBITION AND PROJECT DAY – KG TO GRADE IX (27<sup>TH</sup> FEBRUARY, 2023):

*“Science begins with wonder, scientific temperament and rational thinking”*  
February 27<sup>th</sup> was an innovative and experimental day for all the students as we had the Science Exhibition and Project Day for KG to Grade IX. Inspired, encouraged and motivated by the teachers and the parents, the budding scientists of Maharishi Vidya Mandir, Puducherry displayed different models and experiments with great enthusiasm and excitement.

*The exhibition was open from 9.30 am to 12.30 pm and the parents were also provided an opportunity to view it. The event provided a platform for scientific explorations and innovations for the future scientists. As the exhibition started, students presented their projects of working and non-working models of various concepts, for example solar system, solar power energy, space satellites, hydroelectric generators, AC and DC motors, automatic transformers, and robots were built by the students and many other exhibits were presented by the students. Models related to space satellites, different satellites of the planets, the various galaxies and many more things were on display. Dr. Arun Nagalingam, along with the Principal and the Vice Principal, went around looking at the different models designed by the students and assessed the descriptions given by the students. The parents, too, looked at the various models put up by the students. All the students were well appreciated by our chief guest and parents.*

## MULTI-COLOUR DAY – KG (10<sup>TH</sup> MARCH, 2023):

*“Life can be just black and white, but with imagination, life is a kaleidoscope of exhilarating colours and breath-taking adventures.”*

*The kindergarten students of Maharishi Vidya Mandir, Puducherry celebrated the Multi – colour Day with fun and enthusiasm on 10th March, 2023 in the school premises. All the children from the KG department, and their teachers, were dressed colourfully to celebrate this occasion. Our tiny tots looked beautiful with their coloured attires.*

*Children did the palm and foot print activities with various concepts for each class. They made colourful fishes, flowers, tree, butterflies, caterpillar, balloons and rainbow using their palm and foot prints. Children enjoyed this special day and went home with smiles on their face.*

## KINDERGARTEN GRADUATION DAY CEREMONY – KG (30<sup>TH</sup> MARCH, 2023):

*“Graduation – is a time to celebrate new beginnings and say goodbye to everything that has given you a reason to smile It is warm memories of the past and big dreams for the future”*

*To celebrate the progression and development of the UKG students of Maharishi Vidya Mandir, Puducherry “Graduation Day” was celebrated and applauded the young enthusiastic learners for their commendable performance in the session 2022-2023. Two guests of honour were invited from the parents’ community, Mrs. Jothsna, Home Maker and DR. Ramya MD (General Medicine), they both appreciated and apprised the students for their wonderful performance and speeches delivered by the little ones without any hesitation and for the significance of the day. This was followed by the distribution of graduate certificates and medals to the tiny tots in graduation caps and sashes, as well as the awarding of unique titles describing the little children's strengths. The tiny tots enchanted everyone as they danced to the beats of some lively music with coordinated movements that also raised the tone and mood of the atmosphere to new heights. It was an unforgettable experience for the children, who will be blessed as they continue their education in the main stream of the school.*
